**GirlsMatter is more than a club... it is an experience. It is a sisterhood committed to helping each other to hear our own voices, to listen to the voices of others, and to make our voices heard.**

**It is for our own authentic voice and learn to understand others, and ourselves, even if our opinions are different. We will also become aware of our teen rights, question what we do not understand and learn ways we can take action to make our lives and our society a place where we are always trying to be the best we can be.**
